Watchtower

Echo & The Bunnymen

Skin deep and sinking
You're fingerprints will stay with me
Always I'm thinking of how
You left your dirt on me, on me
What was I thinking of
To give you a part of me?
I can't get the stuff off
Forever inside me
Say the word and I will come
Burning like the golden sun
Say your will, it will be done
Your star is shining out at everyone
Everyone
Can't stop believing
Life's great untouchables
Can't keep from dreaming
Dreams turn to [unverified]
How did it get to this?
I never saw it come
How do I get to miss
What I've never done?
Say the word and I will come

Burning like the golden sun
Say your will, it will be done
Your star is shining out at everyone
Everyone
Skin deep and sinking
You're fingerprints will stay with me
Always I'm thinking of how
You left your dirt on me, on me
What was I thinking of
To give you a part of me?
I can't get the stuff off
Forever inside me
Say the word and I will come
Burning like the golden sun
Say your will, it will be done
Your star is shining out at everyone

Everyone
Say the word and I will come
Burning like the golden sun
Say your will, it will be done
Your star is shining out at everyone
Everyone, everyone
