Mangle Trang

Jonathan Boulet

Big man walking and
Big man talking and
Hi found his confidence
No one mess with him
Don't want no incidents
Model citizen
Please show me how you fight
Model citizen
Just knocked out someone's lights

Instant idiot
Down and down and down and
That's what you get
Violence in your neighborhood
Violence in your neighborhood

Instant idiot
Down and down and down and
That?s what you get

Instant idiot
Drink an drink an drink and
One day you're dead

Violence in your neighborhood
Idiots in your neighborhood
