

Can Anybody Hear Me

Neil Diamond

You've gotta take your time now
If love is gonna take you by the hand
You need to take your time though
'Cause love is not a thing you can command
There's gotta be a reason
Gotta be a closeness
Gotta have a feeling
Only you can know
And when you find love hold on tight
Don't ever waste another night
You're gonna make it through in spite of your fears
Can anybody hear me
Is anybody out there
I listen to the river
And hear the river calling out a name
Trying to forgive her
But nothing's gonna ever be the same
There's gotta be a reason
Gotta be a closeness
Gotta have a feeling
Only you can know
And when you find love hold on tight
Don't ever waste another night
You're gonna make it through in spite of your fears
Can anybody hear me
Is anybody out there
Gotta be a reason
Gotta feel a closeness
Gotta have a feeling
Only you can know it
And when you find love hold on tight
Don't ever waste another night
You're gonna make it through in spite of your fears
Can anybody hear me
Is anybody out there
Can anybody hear me
Is anybody out there
Can anybody out there hear me
