The Day I Was Born

Emf

Wish me luck
I'll take anything this world can throw me
I'll love it and leave it and
Kiss the world goodbye, you see
I'll travel my journey
With a suicide pack, I'll be free
Hello, goodbye, the best of luck
I'm gone
From the day I was born
I lived my live to the full
Tried everything once
Now I'm ready for more
Now I'm ready for more
I'll think of my live
The days turn from months to years
To nothing, I didn't think
I'd have the guts to go with it
I'll think of my friends
The people I hate and the people I never got to meet
Hello, goodbye, the best of luck
I'm gone from the day I was born [unverified]
So good to see you but now I'm moving on
Been good to be here but it's gone on too long

It's good to see you
So good to see the back of you
Where you ever misunderstood?
Did anyone say you have to stay?
Think of the happiness you bring
Think of the day you were born
Remember my family, yeah
Keep my habits clean you see
I'll bless the beggar's dog
If god blesses the trees
Stay out of trouble you know
Keep the cream on the cake
Take no ones word for nothing
Thank you, goodnight, best of luck
I'm gone

From the day I was born [unverified]
From the day I was born
I lived my live to the full
Tried everything once
Now I'm ready for more
Now I'm ready for more
