

Farewell (feat. Jordan Pundik of New Found Glory)

Simple Plan

Farewell, I didn't mean to let you
After all these wasted nights
I can't pretend that I'm doing fine
I've played it back a thousand times
But now I see it and I realize
That the damage is done and it's obvious
We can never go back to the way it was
We're drifting apart and it's killing us
It's killing us
Farewell,
I didn't mean to let you
Let you down, mess it up
We both knew it couldn't last forever
It's coming down, I've had enough
I guess we crumbled under all the pressure
I did my best for what it's worth
And I gave you all this heart could give so
Farewell
I didn't mean to let you
Down
Down
There was a time you'd scream my name
It used to be my getaway
Now all we do is just complain
Well maybe I'm the one to blame
But the damage is done and it's obvious
We can never go back to the way it was
We're drifting apart and it's killing us
It's killing us
Farewell,
I didn't mean to let you
Let you down, mess it up
We both knew it couldn't last forever
It's coming down, I've had enough
I guess we crumbled under all the pressure
I did my best for what it's worth
And I gave you all this heart could give so
Farewell
I didn't mean to let you
Down
Down
It's such a shame
How did we end up this way?
We can't go back
And things will never be the same
All hopes faded
Is this what you wanted?
Is this what you wanted?
Farewell,

I didn't mean to let you
Let you down, mess it up

We both knew it couldn't last forever

It's coming down, and I've had enough

I guess we crumbled under all the pressure

I did my best for what it's worth

And I gave you all this heart could give so

Farewell

I didn't mean to let you

Farewell

I didn't mean to let you

Down

Down

Farewell
