## Skillet

I'm still trying to figure out how to tell you I was wrong  
I can't fill the emptiness inside since you've been gone  
So is it you or is it me?  
I know I said things that I didn't mean  
But you should've known me by now  
You should've known me If you believed  
When I said  
I'd be better off without you  
Then you never really knew me at all  
If you believed  
When I said  
That I wouldn't be thinking about you  
You thought you knew the truth but you're wrong  
You're all that I need  
Just tell me that you still believe I can't undo the things that led us to this place  
But I know there's something more to us than our mistakes  
So is it you or is it me  
I know I'm so blind when we don't agree  
But you should've known me by now  
You should've known me If you believed  
When I said  
I'd be better off without you  
Then you never really knew me at all  
If you believed  
When I said  
That I wouldn't be thinking about you  
You thought you knew the truth but you're wrong  
You're all that I need  
Just tell me that you still believe Is it you or is it me?  
I know I said things that I didn't mean  
You should've known me by now  
You should've known me If you believed  
When I said  
I'd be better off without you  
Then you never really knew me at all  
If you believed  
When I said  
That I wouldn't be thinking about you  
You thought you knew the truth but you're wrong

Cause your all that I want  
Don't you even know me at all  
Your all that I need  
Just tell me that you still believe
