Ever Be

Korn

You're the infection my friend, disgusting right to the end
Didn't I know it then, I knew it I knew it
You're basic but hard to define, simple yet somehow sublime
Knew you will strike again, I knew it I knew itYou're all that's wrong with your dumba** psalms
Ya that's all that you will ever be
Nothing you can do because that's all that you will ever bePolished you shiver when shined
Forgotten and seething inside
Everyone falls for this, I knew it I knew itYou're all that's wrong with your dumba** psalmsYa that's all that you will ever be
Nothing you can do because that's all that you will ever beEver be, never be, want to be mine
All to be, made to be, holding your side
Throwing it, breaking it, all by your fame
Sending you back to the place you once cameLeaving behind you
No one around youYou will never be
You want to be god
It's all gone
