

Evelyn

Pop Will Eat Itself

Could you be the one I want to see
Could you be the one I'm waiting for, oh Evelyn
When I drink alone I think of you
When I think alone I drink to you, oh Evelyn
Oh Evelyn, oh Evelyn Inebriety and I have never seen
Eye to eye with you on anything, oh Evelyn
But could you be the one I'm waiting for
(Could you be the one I'm hoping for)
Could you be the one I'm hoping for
(Could you be the one I want)
Oh Evelyn With this glass in my hand
Then you're almost forgotten
To return tomorrow
Like these empty bottles
Oh Evelyn, oh Evelyn Empty bottles always bring me down
Empty glasses make a lonely sound, oh Evelyn
You could have been the one I waited for
(Could you be the one I'm waiting for)
Could have been the one that I hoped for
(Could you be the one I want)
Oh Evelyn
