

Amber Waves

Tori Amos

Well he lit you up like Amber waves in his movie show
He fixed you up real good till I don't know you anymore
From ballet class to a lap dance straight to video
And the pool side news was that he would be launching you
Into every young man's bedroom, you gave it up
On DVD and magazine, you gave it up
A private rite of passage, you gave it up
To every boy's sweet dream with their paper cuts
You said, "He's got a healing machine
It glows in the dark, glows in the dark"
You say, "There's not a lot of me
Left anymore, just leave it alone"
But if you're by and you have the time
Tell the northern lights to keep shining
Oh lately it seems like they're drowning
He could light you up and summon every swan
To the lakeside off to Cabo San Lucas
For some optical stimulus
Then you started to guess There was someone else
Though his flint glass, seeing all of you immersed in his sepia
Into every young man's bedroom, you gave it up
On DVD and magazine, you gave it up
A private rite of passage, you gave it up
To every boy's sweet dream with their paper cuts
You said, "He's got a healing machine
It glows in the dark, glows in the dark"
You say, "There's not a lot of me
Left anymore, just leave it alone"
But if you're by and you have the time
Tell the northern lights to keep shining
Oh lately it seems like they're drowning
So I went by, 'cause I had the time
And told the northern lights to keep shining
They told me to tell you they're waving
