Amber Waves

Tori Amos

Well he lit you up like Amber waves in his movie show

He fixed you up real good till I don't know you anymore

From ballet class to a lap dance straight to video

And the pool side news was that he would be launching youInto every young man's bedroom, you gave it up

On DVD and magazine, you gave it up

A private rite of passage, you gave it up

To every boy's sweet dream with their paper cutsYou said, "He's got a healing machine

It glows in the dark, glows in the dark"

You say, "There's not a lot of me

Left anymore, just leave it alone"

But if you're by and you have the time

Tell the northern lights to keep shining

Oh lately it seems like they're drowningHe could light you up and summon every swan

To the lakeside off to Cabo San Lucas

For some optical stimulus

Then you started to guess There was someone else

Though his flint glass, seeing all of you immersed in his sepiaInto every young man's bedroom, you gave it up

On DVD and magazine, you gave it up

A private rite of passage, you gave it up

To every boy's sweet dream with their paper cuts You said, "He's got a healing machine

It glows in the dark, glows in the dark"

You say, "There's not a lot of me

Left anymore, just leave it alone"

But if you're by and you have the time

Tell the northern lights to keep shining

Oh lately it seems like they're drowningSo I went by, 'cause I had the time

And told the northern lights to keep shining

They told me to tell you they're waving
