

Strawberry Daiquiri

Zander

90 degrees, dancing palm trees
Burning hot sand beneath my feet
So many girls that I can see
Iâ€™m in the mood for something sweet
A pretty blonde soaking up the sun
Sweet dark skin like a shot of rum
She says â€œAll I wanna do is have some fun"
Ooo she could be the one

Itâ€™s so hot, cool me down
Gimme a taste I need it now
So hot, cool me down
Intoxicate me till I drown in you

Strawberry, she's my strawberry daiquiri
Strawberry, ooo wee ooo wee

The music grabs her body
Those hips sway so confidently
With juicy red lips kissed by the sea
Refreshing like the summer breeze

Setting sun and the nights begun
Let me get a taste on my tongue
Her flavor I canâ€™t get enough
ohh gonna get me drunk

Itâ€™s so hot, cool me down
Gimme a taste I need it now
So hot, cool me down
Intoxicate me till I drown in you

Strawberry, she's my strawberry daiquiri
Strawberry, ooo wee ooo wee

So hot
Its so hot tonight

Strawberry, she's my strawberry daiquiri

Strawberry, ooo wee ooo wee
