

# Thailand

## Crescendo

It's a battle of the culinary arts  
In that boiling land  
You met your mate over across that river  
And some good old heroin  
In Thailand  
Thailand  
Thailand  
Thailand  
Into our lovely story, who do we insert  
But the mighty, mighty Steve Willoughby  
He went searching for some big Buddha in a raincoat  
But met a wife half the size of he  
In Thailand  
Thailand  
Thailand  
Thailand
