

Bailout Blues

Krokus

Sit and wait another day
She left me hanging in the rain
Nothing worse than an empty heart
My head is spinning I'm falling apart Now you know it hurts me babe
Now breaking my heart again I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight
Here I stand in torment and pain
Heart broken ball and chain
My mind is racing like a midnite express
Come baby please get me out of this mess Now you know it hurts me babe
Now breaking my heart in vain I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight Now you know it hurts me babe
Now you breaking my heart again
Now you know it hurts me babe
Now breaking my heart in vain
I got the bailout blues
Day and light
I got the bailout blues
Baby's out of sight
I got the bailout blues
I got the bailout blues
