Chase & Status
TempzEvery time I go to the rave, everyone I know's gonna be a next hype
Every time I jump on stage, everyone here wants a shout, next hype
When Tempa T's in the rave, it's too much, he's such a next hype
When I come on stage, all of my friends just shout, next hypeIf guys step on my crips, I'm boilin' man, I wanna, next hype
Don't start calling the Feds, I'll chase man to the yard next hype
The peng ting's calling my phone, he's waitin', I'm on a next hype
Now I'm ready for the rave, take it away, I'm on a next hypeWell, I've been down so goddamn low, come on
