Night Comes Easy

Passafire

The energy among us has become super humongous and
the entity that strung us is about to come and strum us.
It requires something from us and we all must make a promise.
We desire nothing but we hope to someday overcome it.The choir will be singing while the bells will be ringing.
Yellow-jackets keep stinging while the vines will be swinging.
In the night time will bring us a reason to be drinking.
It's a nice time for everybody to do some thinking.And the night comes easy,
to everything on this side of the wall.
But on the outside creeping,
there is a plan for these walls to fall.
The passion of the people has become super cerebral
while the information's feeble and it's fatal like a needle.
If you buy into the circle it could soon become illegal.
If you're watching the commercial you could end up in the sequelThe choir will be singing while the bells will be ringing.
Yellow-jackets keep stinging while the vines will be swinging.
In the night time will bring us a reason to be drinking.
It's a nice time for everybody to do some thinking.
And the night comes easy,
to everything on this side of the wall.
But on the outside creeping,
there is a plan for these walls to fall.
And the night comes easy,
to everything on this side of the wall.
But on the outside creeping,
there is a plan for these walls to fall...
