

# Invisible

Meja

It's invisible  
things that we know  
treasures we hide we can find  
something to show us a sign It's so vulnerable  
the words that we say  
doesn't come out as we planned  
sometimes they're just in the way Common things we take for granted  
in our life  
Silly games we play that blindfolds  
our eyes  
You should know that your a part of me  
and it's plain to see It's invisible  
all I can say,  
It's what you plan in you mind  
secrets that you wanna find So admirable  
the courage you hold  
giving me time to be strong  
tells me that nothing is wrong Common things we take for granted  
in our life  
Silly games we play that blindfolds  
our eyes  
You should know that your a part of me  
and it's plain to see Invisible (You take so many things for granted)  
Unbelievable (Yes, I know, I know)  
So vulnerable (You know I don't wanna hurt you)  
Cause I know Common things we take for granted  
in our life  
Silly games we play that blindfolds  
our eyes  
You should know that your a part of me  
and it's plain to see
