

# Our July In The Rain (Acoustic)

## He Is We

Bring me back to holding hands in the rain,  
I swear I'd ease your pain.  
Lift you up so you could finally see  
The love you are to me.

I've had time and I've had change  
I've been broken but still I can't explain.  
Our July..

Why'd I have to go and do you like that?  
Thought I'd moved on, then you brought me right back.  
To the night you took my kiss away from me.  
I took yours too, then I lost you.

Would you bring me back to holding hands in the rain,  
I swear I'd ease your pain.  
Lift you up so you could finally see  
The love you are to me.

I've had time and I've had change  
I've been broken but still I can't explain.  
Our July in the Rain....hey..

Every part of me is broken now  
I tried to scream but nothing came out  
drop my pride and I reveal my inside  
and it all came pouring out.

Would you bring me back to holding hands in the rain,  
I swear I'd ease your pain.  
Lift you up so you could finally see  
The love you are to me.

I've had time and I've had change  
I've been broken but still I can't explain.  
Our July in the rain

This melody  
will never speak  
all the things that I regret if I could say anything

my apologies for the way I ended things  
see I love you but it scared me,  
you scared me,  
you scared me,  
you scared me,  
would you please..

Bring me back to holding hands in the rain,  
I swear I'd ease your pain.  
Lift you up so you could finally see  
The love you are to me.

I've had time and I've had change  
I've been broken but still I can't explain.  
Our July..oh oh oh oh

Would you bring me back to holding hands in the rain,  
I swear I'd ease your pain.  
Lift you up so you could finally see  
The love you are to me.

I've had time and I've had change  
I've been broken but still I can't explain.  
Our July..
