# My Little Secret (Mix Version)

## Xscape

See baby, you're my little secret
(Secret, secret)
If you don't tell, I won't tell
And that's how we gotta keep itSee baby, you're my little secret
(Secret, secret)
If you don't tell, I won't tell
And that's how we gotta keep itDid anybody see ya coming to my house last night?
When I got your message in my beeper
That you wanna do everything I like
Alright, alright
I like being in the same room with you and your girlfriend
The fact that she don't know
That really turns me on
She'll never guess in a million years
That we've got this thing going onYou're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so, but they don't really know
Or wanna know thatYou're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know, like I know
We should never let it go
If anybody knew that it was you and your house
That I was creepin' to you all the time
I'd probably still do it
'Cause I find it hard to keep you off of my mindI like being in the same room with you and your girlfriend
The fact that she don't know
That really turns me on
She'll never guess in a million years
That we've got this thing going onYou're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so, but they don't really know
Or wanna know thatYou're my little secret
And that's how we should keep it
We should never let 'em know, Never let it show
If you know, like I know
We should never let it goEverybody cheats

But you gotta know how, you gotta know when
You gotta know why my infatuation with you
Is taking me on an emotional highI'm caught all up in this love affair baby
Speculation will bring us stares
All my friends are askin' me about it
Still the truth I can't revealYou're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so, but they don't really know
Or wanna know thatYou're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know, like I know
We should never let it goAs long as I'm right here
You ain't never gonna be by yourself
'Cause the love that we share
It stays on my mind
You're always gonna be a little secret of mineAs long as I'm right here
You ain't never gonna be by yourself
'Cause the love that we share
It stays on my mind
You're always gonna be a little secret of mine
You're my little secret
And that's how we should keep it
It's on everybody's mind, about you and I
They think so, but they don't really know
Or wanna know that
You're my little secret
And that's how we should keep it
We should never let 'em know, never let it show
If you know, like I know
We should never let it go
