# All Is Forgiven

## Trouble

When trouble comes your soul to try
With broken hearts we all cry
Times when love cannot smooth the road
You have to carry a heavy loadPlease come again you've been so kind
You can see and I am blind
Forgive me one more time
The world will be ours if you are mineThere are troubles all our own
Paths we all must walk alone
Just to feel you have a friend
Who stands by until the endPlease come again you've been so kind
You can see and I am blind
Forgive me one more time
The world will be ours if you are mineWe've been waiting for so long
Just like praying for rain
The Lord has remembered me
Mother feels no more painEvery time I see your face
It reminds me of my past
To think one of my dreams
Has come true at lastMy love, time goes on
All is forgiven love
As time moves on and on
All is forgiven, yeah, forgiven
