In the Cold, Cold Night

Tracey Thorn

I saw you standing in the corner,
On the edge of a burning light
I saw you standing in the corner
Come to me again, in the cold, cold night
In the cold, cold night
You make me feel a little lonely
Like a fool growing moon on might
When you gonna grow colder
Come to me again, in the cold, cold night
In the cold, cold night
I hear you walking by my front door
I hear the creaking on the kitchen floor
I don t care what other people say
Come to me again, in the cold, cold night
In the cold, cold night
I can t stand it any longer
I need the fuel to make my fire bright
So don t fight it any longer
Come to me again, in the cold, cold night
In the cold, cold night
And I know that you feel it too
When my skin tells him to groove
You will know that s warm inside
When you come run to me, in the cold, cold night
In the cold, cold night, in the cold, cold night
In the cold, cold night.
