

# look of love

J-88

You got me lit up with a look of love  
I could take you in a pick up truck  
Like I'm choking  
But I'm talking rough literature  
And are you rolling about with the big son  
And mowing them down  
Hey little honey,  
I'm rolling in line with you In the dead of night  
I can't give in to your love  
In the dead of the night  
Your love's so staggering  
That I'll shut it out of my mind  
You get spinning again  
Oh, get spinning again  
I'll get spinning again In the dead of night I'll look  
Oh the reckoning of all  
Gonna lick it like that sugar  
Should I recognize it calls me? Got me lit up with a look of love  
I could take you in a pick up truck  
I am always  
When I'm always hurting with you In the dead of night  
I can't give in to your love  
We'll get spinning again  
Oh, get spinning again  
We'll get spinning again  
Oh, get spinning again  
We'll get spinning again
