What Is Wrong

Tricky

What is wrong with us?
All we do is fight
Get out of my view
I'm not feeling right
I'm not feeling good
I don't think I should
Something's standing in your view
I'm standing next to you
You and me, heavenly
(Forever)
Forever what does it mean
You and me, heavenly
(Forever)
Forever what does it mean
What is good for you
Doesn't mean too much
What you think is true
I can't feel or touch
I can't feel or touch
I don't feel that much
What is wrong with you?
You're standing in my view
You and me, heavenly
(Forever)
Forever what does it mean
You and me, heavenly
(Forever)

Forever what does it mean
What is wrong with you?
All you do is fight
Get out of my view
I'm not feeling right
I'm not feeling good
I don't think I should
Something's standing in your view
I'm standing next to you
You and me, heavenly
(Forever)

Forever what does it mean
You and me, heavenly
(Forever)
Forever what does it mean
You and me
(Forever)
You and me
(Forever)
(Forever)
You and me
(Forever)
You and me
(Forever)
(Forever)
(Forever)
(Forever)
