

# One Time

AKA

Baby don't waste no time  
Money stays on your mind  
No body gone kill your vibe  
Go ahead live your life I'm feeling like ooooooooooh  
Alright!  
Cause I ain't leaving on my own  
Tonight Hey!  
One time for the Gold Diggers  
One time for the blessers  
One time for the old niggas spending bank roll when you need a lil extra  
Spare a thought for my broke niggas  
They be feeling that pressure (Starlights)  
It's going down in the VIP right now  
Shit is kinda lit right now  
Can she sing it with me?  
"Na na na na na"  
Ooooooh can she sing it with me?  
"Na na na na na"  
Too busy running the streets?  
"Na na na na na"  
Ooooooh she be leaving with me!  
"Na na na na na" What I gotta do for a queen like Sophie Ndaba  
Put you on a 1st class seat Nicole Nyaba
