

You Remain

Kungs

[Verse 1]

Hold your horse you're running me wild

You're something I can't ignore

[?], I need every line

I'll sing every word[Chorus]

But leave me chained, 'cause I am free

I'll find that space

Where only you remain, you remain with me

You remain with me

[Verse 2]

Every pulse of your body's alive

You move me beneath the stars

[?]

I'm different, except there's nowhere to go[Chorus]

But leave me chained, 'cause I am free

I'll find that space

Where only you remain, you remain with me

You remain with me[Bridge]

I'm never gonna hold back

You're something that I can't let go

I'm wanting you to know that

I'm never gonna hold back

You're something that I can't let go

I'm wanting you to know that

I'm never gonna hold back

You're something that I can't let go

I'm wanting you to know that
