Intro Talk

Mary J Blige

Uh, uh, yes, yes, yes, yes, yes
Fresh, from the L O N S family tree in 1992
This is Busta Rhymes, spelled with an A
As I will carry you on a journey
Of overwhelming, listening pleasure
Hip-Hop oriented essence
Somethin' real emotion like you know
That little emotional thing they're not just like to feel
Like pop shit, the shit, that's like real raw deal
Like this, you know what I'm sayin'
I just gotta burst like you know it's like
It just gets me into one of them moods
Where I just be, like um, like um
Hey, Busta Rhymes be rippin' it
You know that I be flippin' it
Every time I relax my mind, I'm shittin' on it
Alright, alright, alright, chill, chill
I'ma relax and I'ma slow down
And I'ma carry on with what I'm supposed to be dealin' with here
Anyway it's like this
It is now the time that you face the certified quality
In musical, spiritual, definitely physical
So just chill, you know what I?m sayin'
And relax, like, a little bit
Just capture the complete emotional of Mary J Blige
If you think I'm bullshittin'
Stay tuned and relax and listen
'Cause you about to see in a split second
So just chill, like check it out
Because I'm gonna wild and do it like this and like that
I flip on a rhyme showin' you that Busta Rhymes be wildin'
On your own shit damn I'm bustin' like break yo foot
Can?t help this shit y'all I gotta go
I'ma slow down and relax all my composure
Y'all just cool out, listen to the album
Check out, this your new, raw deal, rugged, Mary J Blige material
