

# Be the One

## Mi Casa

Point me, in your direction  
Give me the word of call  
And I'll be there  
In a flash, yes I will  
Show me to do  
Your deepest inner most fantasies  
So that I can please, you  
Emotionally, physically  
Every little way that you need  
Perfectly, tenderly  
I'll match all your demands to the "T"  
I can be the one to make your day shine  
Brighter than the sun  
So that your smile  
Can never ever be undone  
Cos for me is just thinking about you  
About you  
I can be the one to make your day shine  
Brighter than the sun  
So that your smile  
Can never ever be undone  
Cos for me is just thinking about you  
About you baby no, no  
Commonly I would only dream  
To be, to be talking to you girl  
But I'm a believer,  
That what you reap is what you sow  
So emotionally, physically  
Every little way that you need  
So perfectly, tenderly  
I'll match all your demands to the "T"  
To be the one  
I will need a helping hand  
From the Lord above  
Who will help me understand  
I need to know  
What goes through your mind,  
Your heart, your soul  
In your body

I can be the one to make your day shine  
Brighter than the sun  
So that your smile  
Can never ever be undone  
Cos for me is just thinking about you  
About you baby  
Is just thinking about you
