I Stand All Alone

Bryan White

I know the sound of each rock and stone
And I embrace what others fear
You are not to roam in this forgotten place
Just the likes of me are welcome hereEverything breathes and I know each breath
For me it means life, for others, it's death
It's perfectly in balance, perfectly planned
More than enough for this manLike every tree, stands on it's own
Reaching for the sky, I stand alone
I share my world with no one else
All by myself, I stand aloneI seen your world with these very eyes
Don't come any closer, don't even try
I've felt all the pain and heard all the lies
But in my world there's no compromiseLike every tree, stands on it's own
Reaching for the sky, I stand alone
I share my world with no one else
All by myself, I stand aloneAll by myself, I stand alone
All by myself, I stand alone
