To want you to take that
To want the rest of that
And to get how it feels now
Our stand is similarToo long for that
Too long
To want you to tell there's
Too much there to tell
To want a place on thereTowards space to turn around
Towards those over there
To want to tell you that
To want everything so longAnd we wanted other
We were so young
To want us to go there
To want her there
To want the rest of that
To want us there
