Deftones

I feel soon
I will sink
Into you
What do you think?'Cause there's still blood
In your hair
Got the bruise
Of the yearBut it's something about her
Long shady eyes
I'm all about her
Shade tonightI hate your tattoos
You have weak wrists
But Ill keep you'Cause it's something about her
Long shady eyes
Im all about her
Shade tonightWell it's too bad
It's too bad
It's too bad
Youre married, to me
