Bonnie And Clyde

Beyonce Knowles ft. Jay-Z

(Chorus)
Just wanna spend the rest of my life with you.
Be your Bonnie be my clyde we'll make these cowards run and hide and I
Just wanna spend the rest of my life with you
Through the good times and the bad boyfriend, girlfriend mom and dad
whatever

I search for a chick like me who blows dro
Cuz she can appriciate how that sticky burns so slow ya know
A young chick with an old soul
Sit thru the fire just to hold hands while the coals glow
I'll build a house around it and we can fill it with seeds
and be like adam and eve in the garden of eden
We can grow old watch it rain and snow
and see the sun rise and fall over yonder
know that when them coals burn out cuz one of us is gone
and the others brokenhearted left and livin life alone
Used to listen to me complain bout my real bad days
rub my neck and my back and make it all go away
Always there with an encouraging word
I couldn't imagine havin to be here without her
im so scared of losing you
and she say boo boo im never gonna leave you
and then she sang to me

Chorus

Just wanna spend the rest of my life with you.
Be your Bonnie be my clyde we'll make these cowards run and hide and I
Just wanna spend the rest of my life with you
Through the good times and the bad, boyfriend, girlfriend mom and dad
whatever

Mama your eyes the candlelight magnifies
Hazel turns gray then bluer then a summer day
Baby wanna run away far away to some other place where we can lay
tangled in one anothers embrace by the fireplace till were old and gray from
roccawear to rocking chairs whatever you need just call
and ima be there wasn't prepared to lose you it hurt me so
you were addictive ma and letting you go

was no walk through the park I remember nights that i just sat there in the dark
Pistal beside me ready to use it
Running your deal ? in the book where i once wrote music
And then I rememberd something you once said
laying next to me naked breathing heavy in the bed ya said

Chrous

Just wanna spend the rest of my life with you.
Be your Bonnie be my clyde we'll make these cowards run and hide and I
Just wanna spend the rest of my life with you
Through the good times and the bad, boyfriend, girlfriend mom and dad
whatever

Police pull us over im squeaky clean haha
28 grams in your bra while I
blaze the haze as we rode off
how could you be so hard and still so soft
All the nights we used to ride
ya held my tone
got my name tatted right above your pelvic bone
my luck all in my heart,homicide detectives have to pry us apart

Who would have thought we'd part
the way that we did just a few short months after makin a kid
does your new man do it like stak
candle wax down the small of your back
does he bite your neck does he nibble on your collar bone
do you still think about me when your all alone
used to grab you and hold on tight
the heat will be back on tomorrow
but its cold tonight

Chrous

Just wanna spend the rest of my life with you.
Be your Bonnie be my clyde we'll make these cowards run and hide and I
Just wanna spend the rest of my life with you
Through the good times and the bad, boyfriend, girlfriend mom and dad
whatever
