

Dancing Face

[Justine Clarke](#)

You can walk and talk, you can dance and sing
Round and round in a rosy ring
You can swim in the sea, you can fly through space
But can you make a dancing face?!

Can you?? Wiggle your nose, blink your eyes
Lift your eyebrows and look surprised
Wriggle your mouth, make a funny sound
Poke out your tongue and move it around
Now you've made a dancing face!

Ready for another one? Ruffle your hair, puff your cheeks
Pull your ears, click your teeth
Eyebrows up, eyebrows down
Make a smile, make a frown
Put it together, it's all it takes
for you to make a dancing face Dancing face... Dancing face...
Dancing face... Dancing face...
Is your face dancing?
Dancing face... Dancing face...
Dancing face... Dancing face...
