## Phelan

I love you baby 'cause you're back in time  
I love you today  
Your eyes are flashin' like a magic sign  
The sun comes out to playI learned it all from you girl  
I got it all from you  
How to howl the moon yea  
An' how to scratch your dog  
I do it every day  
Come back again tomorrow  
You chased it all awayA dreamin' beauty sleepin' day and night  
The sun around you  
I love you baby, yea, you're superfine  
Comin' down tooA purrin' whirrin' fuzzy lights of day  
A switchin' sunlight  
I chase you, kitten catch you every time  
Funny how it fliesI learned it all from you girl  
I got it all from you  
How to howl the moon yea  
An' how to scratch your dog  
I do it every day  
Come back again tomorrow  
You chase the life awayI hear you purrin' through a super soul  
A puff in to it  
A puss in leather, yea, a prince in gold  
The leather tale awayI learned it all from you girl  
I got it all from you  
How to howl the moon, yea  
An' how to scratch your dog  
I do it every day  
Come back again tomorrow  
You chase the life away
