

# No Big Thing

Lit

If you just want to be my friend  
Why do you keep calling then?  
It's better that I never see you  
Will I ever see you again?  
Well it's alright, my heart isn't broken  
It's alright, I'm feeling no pain  
It's alright, I'm not going crazy  
It's alright, it's no big thing  
If you just wanna be my friend  
Why do you keep calling me then?  
It's better that I never see you  
Will I ever see you again?  
Well it's alright, my car isn't broken  
It's alright, I'm feeling no pain  
It's alright, I'm not going crazy  
It's alright, well it's no big thing  
Yeah, yeah, yeah  
Well it's alright, my heart isn't broken  
It's alright, I'm feeling no pain  
It's alright, I'm not going crazy  
It's alright, well it's no big thing, no big thing
