

# Swish

## Mike Stud

My bitch got a body like Alba  
What up dog? I'm the alpha  
So you better watch out, bruh  
And that goes for anyone around us  
Planted the money tree with my only fuckin' seed  
Now it's sproutin'  
Never had a fuck to give, so I see  
No fuckin' point in countin'  
That's for my accountant, he's good at countin'  
Only thing the crib don't got is a fuckin' fountain  
So I need a fountain  
Tuey so high up that I feel like I live on a mountain  
And I'm so high right now I feel like I'm on a mountain  
I'm ridin' 'round in a brand new town  
With the same old crew that I started with  
Yeah the same dudes that I started with  
I'm talkin' way back from the start of it  
That's the come-up starter kit  
Yeah you gotta get it who you want it with  
And I'm Mike Trout cause I don't strike out  
I switched up, now I'm pitchin' hits  
I switched up, now I flip the script  
Now my agent send me scripts  
And everybody say I need a deal soon  
I ain't really gonna make a deal soon  
'Cause the TV show 'bout to pop off so  
I ain't really gotta make a deal soon, nah I went lookin' for trouble  
Found nothin' I didn't like  
I went lookin' for trouble  
So that's what I'm 'bout to get tonight  
Got damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish  
Damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish  
Signin' deals without a label involved  
The size of the checks, you would think that I was still playin' some ball

That's a lot of money  
Baby that's a stretch  
Shit, maybe I should stretch cause you know I'm 'bout to run it  
And if I ever said it then you know I prolly done it  
And I'm still your favorite pitcher cause I'm keepin' it a hundred like yeah  
I'm not a douche, I just do shit  
This is more to me than music  
You can only run the game if the shoe fits  
And the pen to the page is the blueprint  
And when the game's on the line, I'm the stencil  
Left my prints on the field like I'm Cecil  
Just touched down in Beantown like a lentil  
Smokin' out the window in the rental, yeah  
And I'm wingin' it, you'd think I had a few Red Bulls, yeah  
And my schedule's hectic so that shit's essential, yeah  
And I throw back so many drinks I'm feelin' retro, yeah  
But it's a new era, no Mitchell & Ness though I went lookin' for trouble  
Found nothin' I didn't like  
I went lookin' for trouble  
So that's what I'm 'bout to get tonight  
Got damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish  
Damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish You can see it all if the view's right  
I've been goin' up quite a few flights  
Nah I ain't fallin' off but you might  
True life and I finally got the tunes right  
Better cop that shit, red and blue lights  
Takin' bottles to the face like I'm Shoenice  
Yeah that's that shit that I do like  
Nah I ain't gonna puke but Blue might, you right, uh yu  
You good? (Yeah)  
Turned my life into a lifestyle  
That's my life now  
Got people tattin' up their skin with every word I write down  
Got me like, "Wow"  
I guess I'm the one to keep your eye on  
In my top five, I'm Dylan  
And Dylan and Dylan and Dylan  
If my girl Giselle then I'm Tom  
And now I'm on your TV screen like, "Hi mom"

Got Gerry up on TMZ like, "Hi mom" (Hi mom)  
Swear to God I'm not high, mom  
Wait, okay, sorry I lied, mom  
Man I told my father I'd be goin' farther  
'Cause my flows are harder than a throw from Rowengarter  
Broke both my arms and now they both are stronger  
Then I dip like Copenhagen, oh my God and I went lookin' for trouble  
Found nothin' I didn't like  
I went lookin' for trouble  
So that's what I'm 'bout to get tonight  
Got damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish  
Damn  
Who you know got it like this?  
Who you know party like this?  
Takin' shots at the bar like swish Tell them, you never know when they wanna listen, so
