

Another Christmas

[Amanda Jenssen](#)

They say that I'm a dreamer
But what else am I to do
When dreaming is the only
way I can be with you
And when I wish upon a star make it come true
if only for a second or two
Another christmas, another empty house
Another reason there is no Santa Claus
May all your christmases be white though mine are blue
It's just another christmas without you
So let them sing their carols and dance around the trees
And let them all be marry but they won't marry me
And when I wish upon a star make it come true
If only for a second or two
Another christmas, another empty house
Another reason there is no Santa Claus
May all your christmases be white though mine stay blue
It's just another christmas without you
Just another christmas without you
Without you
It's just another christmas without you
