

# Believe

**Raheem Devaughn**

With affection like a dreamer  
with patience and understanding  
like a teacher with a student, vice versa  
promise not to hurt you, not to leave  
not to lie, not to cheat, not to fuss  
not to stress, like the rest in your past  
Believe me I ain't like most men  
I ain't like them others  
you done dealt with in your past  
just have some faith  
that is all I ask, believe in me (repeat)  
why go searching, else where lurking  
when you been hurtin for the real thing  
since I'm here before your eyes  
lets make love till sunrise.  
I be something like the rebirth  
of love with a twist  
it started with a simple kiss  
what could be more precious

then the rebirth of love  
Chours (repeat)  
Believe in me  
Believe in me, just try...try  
believe in me  
Chours (repeat)  
I got another way I want to tell you  
lately I have been thinking  
about this crazy world,  
being one step away from war  
So tonight baby,  
I want to make love to you  
Like this world is coming to an end  
and if we should die tonight,  
In the next life  
I'm gonna love you the same  
Ain't nothin gonna change
