

# Honour Killings

## Disbelief

could not believe my eyes  
outrageous - disgusting  
a man who kills his wife  
her love was lost - the loss of life ?how could it come so far  
religious - fanatic  
the state ignores the crime  
no justice - just blindness - for god ?their conscience is gone  
the dark side has wonhonour killings  
honour killingsthey think it is their right  
their wife - their own  
they pray it to their sons  
new breed - bad seedstheir conscience is gone  
the dark side has wonhonour killings  
resist, not scared, be strong  
honour killings  
resist, not scared, be strongtheir conscience is gone  
the dark side has wonhonour killings  
honour killings  
resist, not scared, be stronghonour killings  
honour killings  
resist, not scared, be strong
