Rock Show

Halestorm

Little girl, you like it loud
Come alive in the middle of a crowd
You wanna scream, You wanna shout,
Get excited when the lights go down
At the Rock Show
You'll be right in the front row
Heart and soul they both know
It's where you gotta be...
Little girl, there you are
All the lighters lookin' just like stars
Sing along, feel the sounds
Take a ride on the hands of the crowd
And here it comes, the moment when
You know you'll never be the same again
Power Chord, You see the light
You found your place in the world tonight
At the Rock Show
You'll be right in the front row
Heart and soul they both know
It's where you gotta be
Yeah
At the Rock Show

Getting high on the solo
So what if it's Crazy
That's gonna be me
This goes out to anyone
Who's heart beats like a kick drum
when a Bitchin' Riff comes
Lose the words to every line, every time
And you know you gotta go and get some, get pumped
Find yourself and lose it
At the Rock Show
I'm looking at the front row
Heart and soul we both know
It's where we got to be
Yeah
At the Rock show
We're reaching for the High note

So what if it's crazy
You're coming with me
You're coming with me
You're coming with me
So what if it's crazy
It's where we gotta be
At the Rock Show
