

Crimson

Noah Kenton

Verse)Though, How you know that it's close is beyond me
Give me a shiner right as the lightning-Froze, Like my toes when the flood started rushing
Well you spilled the blood so drink it upChorus)Show how it goes and bark through all the biting though
Well, now I know how it flows
In the dark, feel at home
In the morning I'll be sparkling gold
Well, now I know that it flowsOh x7
In the morning I'll be sparkling goldOh x7
And I can't be stained in crimson clothesVerse)Oh, I was born yet again in a stained coat
Vlad, you've got to let them know they're -Slow, they're all slow
And they're mine for the takingAnd babe your blood is worth all the waitingChorus)Show how it goes and bark
through all the biting though
Well, now I know how it flows
In the dark, feel at home
In the morning I'll be sparkling gold
Well, now I know that it flowsOh x7
In the morning I'll be sparkling goldOh x7
And I can't be stained in crimson clothesBridge)Won't you let me in?
I can't dine without your permissionSo just say the wordChorus)Show how it goes and bark through all the
biting though
Well, now I know how it flows
In the dark, feel at home
In the morning I'll be sparkling gold
Well, now I know that it flowsOh x7
In the morning I'll be sparkling goldOh x7
And I can't be stained in crimson clothes
