

# One Of Those Nights (Radio Edit)

**Tim McGraw**

She's getting dressed up, putting on that lipstick  
Shimmy shaking, right into them cut-offs baby, oh yeah  
You're getting off work, cashing out that paycheck  
Gotta change that shirt and pick that girl up on her front step  
Here she comes now looking so fine  
You've been waiting on this night for such a long, long time  
She slides in and you roll down Main Street,  
You turn right when that red light turns green  
Sun sets now, you're half way to heaven  
She picks a song, you turn it up to 11  
You say, "Do you wanna?" and she says, "Hell, yeah"  
So you hit the party, all your buddies are jealous  
Someday you'll be looking back on your life  
At the memories, this is gonna be one of those nights  
Crowded backyard, everybody's laughing  
Kinda party, next week you'll say I was there when it happened  
Coming up on midnight, bout time to get gone  
And then the DJ starts to play your favorite song  
You slow dance for 3 minutes or so, and then she whispers, "Baby, let's go."  
And then she slides in and she gives you the green light  
You hold off 'til you turn off the headlights  
Someday when you're looking back on your life at the memories,  
this is gonna be one of those nights  
Yeah, one of those nights  
Full moon through a crack in the windshield  
You hold her close and you'll never forget how her heartbeat feels  
No, you never will 'Cause someday when you're looking back on your life  
At the memories, this is gonna be one of those nights  
Yeah, one of those nights  
One of those nights  
Yeah, one of those nights  
One of those nights, oh  
One of those nights  
This is gonna be, hey  
This is gonna be  
One of those nights, oh, oh
