My Man

Jade Ewen

I never will
Aint never gonna
Stay out with a man like that at all
I never will
I never wanna
I am faithful to him
The way he can caress my body
I lose my control and let it go (go)
Let him run the show (show)
Ooh
He pulls me closer
All that I can do
Is make sure that Im breathing
[CHORUS]
My man irresistible
My man know the way to go
He got he got what I desire
He got he got my head on fire
My man intellectual
My man so seductive (oh)
All I want and all that I am
All I want is what I got with my man
The way he walk
The way you ()
He got what it takes to handle me
()
What really matters
I know this is for real
The way he talk
You know that he is
I lose my control and let it go (go)
Let him run the show (show)
Ooh
He pulls me closer
All that I can do
Is make sure that Im breathing
[CHORUS]
My man irresistible
My man know the way to go

He got he got what I desire
He got he got my head on fire
My man intellectual
My man so seductive (oh)
All I want and all that I am
All I want is what I got with my man
Ooh
He pulls me closer
All that I can do
Is make sure that Im breathing
[CHORUS]
My man irresistible
My man know the way to go
He got he got what I desire
He got he got my head on fire
My man intellectual
My man so seductive (oh)
All I want and all that I am
All I want is what I got with my man
Ooh what I got with my man
