# In an Instant

## Armored Saint

Carpe diem and seize the moment
Era fleeting, keep on breathing
The fragility of life, curve balls fall from out of the sky
And as you stare and ponder why, it accelerates then passes you by
If in an instant it turns south, can't retract what flew out of your mouthDo you give all, grab life by the balls
Or live in fear, voices you can't really hear
It comes testing of your will
Is your spirit made of steelThe fragility of time, there's no clear reason, no sure rhyme
Although everything appears fine, it can drive the strongest out of their minds
And in an instant it turns south, pinned to the mat and now you're out
Now you're out, ye-hey-heyeahMissed the boat with the red flag waving, rhetoric, seeped in and scathing
Sorry, for always saying sorry, way too much or never enough, never enough, never enough
Na-na never enough, na-na never enough, na-na never enough, na-na-na.....(LEAD GUITAR m/)Fist to the jaw and you're knocked out, you're knocked out
Although you're down, got you rebornDo you give all, grab life by, by, by, by, by the balls
Or drown in fear, voices you can't really hear
It comes testing of your will, is your spirit strong as steelThe fragility of life, it can change with the blink of an eye
And as you gaze and wonder why, it accelerates and passes you by
It accelerates and passes you by
Don't let it pass you by, don't let it pass you byWhen in an instant it turns south, true to yourself you can't ever doubt
True to yourself you can't ever doubt
True to yourself you can't ever doubt
True to yourself you can't ever doubt
Doubt, doubt, doubt, doubt, yaeh, yaeh, yaeheeeeeeay
True to yourself you can't ever doubt, even if your head is spinning
True to yourself you can't ever doubt, even if your head is reeling
True to yourself you can't ever doubt, yeah, yeah, yeah, yeah, yeah ah yeeeeeeeeahhh
Even if your head is spinning, even if your head is reeling
Even if your head is spinning
Yeeeeeeeeeah, yeeeeeeeeeeah, yeaaaaaaaaah!!!
