5 Steps

Dru Hill

I don't know how much longer
You're gonna be here
So I say my prayers every night
One for my mother, one for my father
And one for the love of my life
So if you decide to leave today
Then leave tomorrow at the door
And take only half of yesterday
And forget all hope for the present
'Cause it just went away
We were five steps
From eternity
We were four steps
Four steps past love
And three wishes
We were three wishes
From touching
The heavens above
Said we were five steps
From eternity
Four steps
Four steps past love
And three wishes
Say that you know it, you know it
From touching
The heavens above us
Another day is gone
Another night now dawn
Waiting patiently
Hope that you'll return
But not before long
Why you say goodbye
I still feel your presence
In my bed at night
And what was reality
Once a love true in form
Is now added pain
For a man's scorn
Forced to wear

The memories of pain
Around an
Empty heart
Now, I sit in silence and begin to think
As laughter echoes through the air
I can't get you out my mind
But a whole new love, I could never bare
So now I lay me down to sleep
And I pray my Lord, my soul to keep
And if I die before I wake, then I promise
I'll be there for you always
We were five steps
From eternity
We were four steps
Said four steps past love
And three wishes
You, you know it, say it
Touching the
Heavens above us
Five steps
From eternity
We were four steps
Said four steps past love
And three wishes
Touching the
Heavens above us
Five steps
From eternity
We were four steps
Four steps past love
And three wishes
Touching
The heavens above us
Five steps
From eternity
We were four steps
Four steps past love
And three wishes
We were three wishes
Touching the heavens above us
Say you know
