

# Mama Says

## Ibeyi

The man is gone  
And mama says  
She can't live without him  
The man is gone  
And mama says  
There is no life without himShe has no one  
To stop her tears  
The man who heals and calms down her fears  
She needs to wake up in her man's arms  
And to be loved just like a childOoh-Ooh!The man is gone  
And mama says that she can't live without him  
The man is gone  
and mama says  
there is no life without himHow can I tell her the way I feel  
I'm afraid that she'd be hurt and sink  
It pisses me off  
It drives me mad  
That she let herself feel so badOoh-Ooh!  
(....)  
The man is gone  
And mama says  
That she can't live without him  
The man is gone  
And Mama says  
There is no life without him
