

# Not Dead Yet

## (Hed) P.E.

You don't understand  
I don't give a fuck  
This is not a game  
We fight to the death  
I was lost  
Now I'm born again  
Don't bury me  
I'm not dead yet This life is not for you  
I'm not so easily broken  
This cross is mine all mine  
I made my bed  
I'll sleep in it I never wanted this  
But I chose it  
Be careful what you wish for  
I never wanted this  
But I chose it  
Remember me bitch?  
I own it You don't understand... Remember me - I'm not over it  
My hatred keeps me warm  
I'll take you with me to the grave  
My hatred keep me warm I never wanted this  
But I chose it  
Be careful what you wish for I never wanted this  
but I chose it  
Remember me bitch?  
I own it You don't understand  
This is not a game
