

# My Way Of Giving

## Small Faces

I've been told it's just a matter of time  
Before you meet someone who opens your eyes  
    But time's on my side so nevertheless  
I know the pain of too much happiness[Chorus]  
    It's all part of my way of giving  
        And I'm giving it all to you  
        More than love it's a way of living  
And what more would you have me doAlthough I'm not a guy that means to hurt  
    And if at times it seems our love won't work  
        I tell you honey, you must surely realize  
See all confusion in my cloudy eyes[Chorus]Although I'm not a guy that means to hurt  
    And if at times it seems our love won't work  
        I tell you honey you must surely realize  
See all confusion in my cloudy eyes[Chorus]
