

# Stay

**Lena Katina**

I'm still awake  
I'm lonely and longing for you  
You come and love me  
Then you leave me feeling empty and blue  
You're always running, always hiding, always playing a game  
Coming back for more, you disappear by the end of the day  
I want you to stay  
You never stay  
Come on and stay  
I wish you would stay  
But you never stay  
Don't keep me waiting  
Heaven won't know  
Anticipating  
Com'on heaven won't know  
When I look to your eyes I feel guilty as hell  
I know our love is forbidden but I still don't care  
The fire in your touch on my skin makes my body shake  
You're coming back for more, you disappear it's more than I can take  
I want you to stay  
You never stay  
Come on and stay  
I wish you would stay  
But you never stay  
I want you to stay  
You never stay  
Come on and stay  
I wish you would stay, stay, stay  
Stay!
