I Don't Know

[Sacred Reich](#)

I don't know what you think
I don't know what you want me to be
I don't know how you want me to act
I've fallen into another trapI don't know what you want me to be
I can't change, I can only be me
I won't fit into your classifications
I won't be tagged by restricting labelsI can't fit into your classifications
A nice little package for media conversation
I don't know what you want
I won't change or play a partI don't know what you want me to be
I can't change, I can only be me
I won't fit into your classifications
I won't be tagged by restricting labelsI don't know what you think
I don't know what you want me to be
I don't know how you want me to act
I've fallen into another trapI don't know what you want me to be
I can't change I can only be me
I won't fit into your classifications
I won't be tagged by restricting labels
