

Soul Cadillac

Cherry Poppin' Daddies

The soul cadillac is drivin' up
The soul cadillac is in me
Well, a soul transformed from a dirty truck
By a girl who loves me I was alone, I wore the fragrance
Of men who worked in the heat
I work all day, pouring the asphalt
And shaping the concrete
And I sing now The soul cadillac is drivin' up
The soul cadillac is in me
Well, a soul transformed from a dirty truck
By a girl who loves me She's a warm hearted girl
And such a treasure to hold
To a working man's body
She's like music with plenty of soul
She's my soul cadillac I met her down at the East Town Pub
In a slow dance we embraced
She fixed up my home, down by the water
And made it a comfortable place
Oh, I tell ya She's a warm hearted girl
And such a treasure to hold
To a working man's body
She's like music, she's my soul The soul cadillac is drivin' up
The soul cadillac is in me
Well, a soul transformed from a dirty truck
By a girl who loves me
She's the girl who loves me
