

# Garden of Gray

## Nevermore

When the moon is high across the garden  
that's when I'll come to you  
when the nightshade blooms in your eyes  
let my sin pour in you  
when the forest sings like an angel's choir  
I'm coming nearer I want to feel your flesh enrapture me  
and live the politics of ecstasy In the garden there is no fear  
in the garden of gray we can disappear  
in the garden where I can feel  
in the garden is so surreal If the moon should pour out of the sky  
and fill your livid pools  
if you lay your hands on me gently  
you won't be misconstrued  
when you feel the shiver of lust grow deeper  
i'm coming for you I want to feel my senses sing to me  
you are the music in my ecstasy In the garden there is no fear  
in the garden of gray we can disappear  
in the garden where I can feel  
in the garden is so surreal I want to love you in the garden of gray  
where we can stop the time and drink the ecstasy  
and when its done just traces of the glow  
the sparkle in your eyes is ecstasy In the garden there is no fear  
in the garden of gray we can disappear  
in the garden where I can feel  
in the garden is so surreal  
in the garden, in the garden  
in the garden, in the garden of gray
